## Coming Soon: Policy Change 2 – Calculation of CEUs

### Current Policy:

Calculation of CEUs is based on clock hours. One (1) CEU is given for each sixty (60) minutes of attendance or participation that is fixed in length. Fractional parts of an hour less than forty-five (45) minutes in duration will not be considered a full hour of credit. For example, a program that is two and a half (2 ½) hours long is equivalent to two (2) CEUs.

### Future Policy:

Calculation of CEUs is based upon clock hours. Half (0.5) CEUs are given for every thirty (30) minutes of attendance or participation that is fixed in length.

A session lasting thirty to forty-four (30-44) minutes will be accepted for a half (0.5) CEU credit; a session lasting less than thirty (30) minutes will not be accepted for CEU credit. CEU credit should be calculated according to the following method:
